

\$	Common Name	Description	Latin Name	
#1 \$13.00	AJUGA, BURGANDY GLOW	Perennial- plant in full to part shade. White, green, and burgundy foliage with 6" tall blue flower spikes in the summer. Spreading ground cover. Height 6". Width 2'. Zone 3-9.	Ajuga, reptant	
#1 \$13.00	AJUGA, CATLINS GIANT	Perennial. Spreading, carpet like ground cover that takes shade to part sun. The large bronzy-blue foliage hosts deep blue 8" tall flower spikes throughout the summer. Height 8-10". Spread 1-2'.	Ajuga reptans	
#1 \$13.00	AJUGA, PINK LIGHTNING	Perennial. Spreading, carpet like ground cover that takes shade to part sun. Pink flowers above variegated foliage in mid to late spring. Attracts butterflies and hummingbirds. Height 8-10". Spread 1-2'.	Ajuga reptans	
#1 \$16.00	ALLIUM, MILLENIUM	Perennial. Foliage is deep green and grass like. Does not spread. Round purple flowers attract all pollinators. Deer resistant. Plant in full sun. Height 18". Width 12". Zone 3-9.	Allium millenium	
#2 \$35.00	ARBORVITAE, ANNAS MAGIC BALL	Evergreen that should be planted in full to part sun. Bright chartreuse foliage that keeps a globe shape. Height 1-2'. Width 1-2'. Zone 3-8	Thuja occidentalis	
3' \$112.50 4' \$135.00	ARBORVITAE, EMERALD	Evergreen that should be planted in sun. Bright green foliage all year long. Height 15'. Width 4'. Zone 4-7.	Thuja occidentalis	
#5 \$67.50	ARBORVITAE, FIRE CHIEF	Evergreen that should be planted in full to part sun. Foliage is orange and yellow. Moderate growth rate. Height 4'. Width 4'. Zone 3-7.	Thuja occidentalis	
#2 \$45.00	ARBORVITAE, GOLDEN GLOBE	Evergreen that should be planted in full sun. Golden yellow foliage with a round form. Height 3'. Width 3'. Zone 4-9.	Thuja occidentalis	
#5 3' \$50.00 #15 5' \$225.00 #25 8-9' \$450	ARBORVITAE, GREEN GIANT	Evergreen that should be planted in full sun. Good for screening and fast growing. Height 25-30'. Width 8-10'. Zone 4-8.	Thuja occidentalis	
#5 \$45.00 24" \$90.00	ARBORVITAE, HETZ MIDGETS	Slow growing globe shaped evergreen. Very low maintenance. Height and width 2-3'. Zone 3-9.	Thuja occidentalis	
#5 3' \$75.00 #15 \$180.00	ARBORVITAE, HOLMSTRUP	Upright evergreen that has a medium growth rate. Tolerates poorly drained soils and requires full to part sun. Grows 5-7' tall and 2-3' wide. Zone 3-9.	Thuja occidentalis "holmstrup"	
#1 \$30.00	ARBORVITAE, LITTLE GIANT	Slow growing, dwarf, globe-shaped. Requires little pruning to maintain shape. Rich green color. Very hardy. Prefers full sun, well-drained soil but will tolerate light shade & some poor drainage. H & S = 6. Zone 3-8.	Thuja occidentalis "Little Giant"	
#5 3' \$75.00 4' \$135.00	ARBORVITAE, NORTH POLE	Evergreen that should be planted in full sun. Moderate growth rate and resistant to winterburn. Narrow and low maintenance. Height 10-15'. Width 3-5'. Zone 3-7.	Thuja occidentalis	

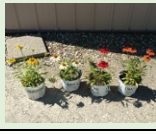

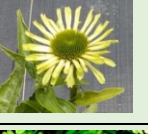

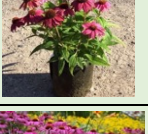

#1 \$30.00	ARBORVITAE, PANCAKE	Evergreen that should be planted in full sun. Very fine textured foliage that is low growing. Height 1'. Width 1-2'. Zone 4-7.	thuja occidentalis	
#2 \$37.50	ARBORVITAE, SKYWALKER	Evergreen that should be planted full sun. Tight, upright form that is winter burn resistant. Drought toloerant and fast growing. Height 12-15'. Width 3-5'. Zone 3-7.	Thuja occidentalis	
#10 4' \$150.00 #15 5' \$225.00 3' \$112.50 4' \$135.00	ARBORVITAE, TECHNYY	Excellent for screens or tall hedges. Fast growing. Very dark green. Full sun or light shade. Very winter hardy. H = 12-15. S = 6-8.	Thuja occidentalis "Technyy"	
#5 3' \$90.00	ARBORVITAE, YELLOW RIBBON	Yellow tinged evergreen that has an upright form. Grows in part to full sun and well drained soils. Height 8-10' Spread 2-3' Zone 3-9	thuja occidentalis	
#15 1.5" \$300 #20 10' \$450	ASPEN, PRAIRIE GOLD	Pyramidal shape. Green leaves turn yellow in fall. Highly disease resistant and drought tolerant. Height 40'. Width 15'. Zone 4.	Populus tremuloides	
#25 9' \$450	ASPEN, QUAKING	Pyramidal form. Leaves are green turning to yellow in the fall and the bark is greenish-white. Height 60-80' Spread 30' Zone 2-7	Populus tremuloides	
#5 \$50.00 #10 \$175.00	ASPEN, SUMMER SHIMMER	Upright form. Disease resistant, clean foliage all summer long. Fast growing. Yellow fall color. Height 30-40'. Width 15-20'. Zone 3.	Populus tremuloides	
#2 \$16.00	ASTER, ALMA POTSCHKE	Perennial. Should be planted in full sun, tolerates wet or dry soils and salt. Reddish pink flowers with yellow centers bloom in late summer and attract butterflies. Height 3'. Width 3'. Zone 3-8.	aster novae-angliae	
#2 \$16.00	ASTER, PURPLE DOME	Perennial. Fast growing plant that takes full sun. Drought tolerant and mildew resistant foliage. Does not do well in poorly drained soils. Semi double flowers in late spring and attract butterflies. Height 18" Spread 3'.	Aster novae-angliae	
#1 \$13.00	ASTER, WOODS PINK	Perennial. Compact plant that is mildew and rust resistant. Takes full sun and prefers moist, well drained soils. Blooms clear pink flowers late summer into fall. Height 12-16". Spread 18-24".	Aster dumosus	
#2 \$16.00	ASTILBE, BRIDAL VEIL	Perennial. Shade loving plant that is great for using in masses, pots, or alone in the landscape. Dark green foliage holds up large white flower spikes in spring-summer. Height 20-24". Spread 18-24".	Astilbe arendsii	
#2 \$16.00	ASTILBE, FANAL	Perennial. Shade loving plant that does great in masses or alone. Dark reddish-green cut leaf foliage holds up brilliant red flower spikes. Height 24". Spread 18-24".	Astilbe arendsii	
#2 \$16.00	ASTILBE, RHEINLAND	Perennial. Vigorous growing plant that likes shade to part sun exposure. Green foliage holds large pink flower spikes. Looks good planted in masses, pots or alone. Height 24-30". Spread 18-24".	Astilbe japonica	

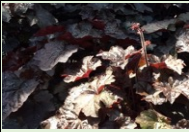

#1 \$16.00	ASTILBE, SPOTLIGHT	Perennial. Should be planted in part shade. Showy light pink flower spike are long blooming. Height 18-20". Width 18-20". Zone 4-8.			
#1 \$16.00	ASTILBE, VISIONS	Perennial- part shade. Large, fluffy, raspberry-pink spikes appear in mid-summer above the dark green cut leaf foliage. Height 15" Spread 18" Zone 4-8	astilbe chinesis		
#1 \$16.00	ASTILBE, VISIONS IN WHITE	Perennial- part sun to shade. Creamy white blooms above glossy green foliage. Late season bloomer. Height 15-18" Spread 15-20" Zone 4-9	astilbe chinesis		
#1 \$30.00	AZALEA, CASCADE	Flowering shrub that requires part shade. Yellow and white flowers in the spring- pollinator friendly. Height 3'. Width 4-6'. Zone 5-8.	Azalea		
#1 \$30.00	AZALEA, HINO CRIMSON	Flowering shrub that should be planted in part sun. Compact form with showy red flowers in the spring. Height 2-4'. Width 3-5'.. Zone 5-9.	Azalea		
#2 \$52.50	AZALEA, KAREN	Flowering shrub that should be planted in part shade. Vigorous grower that blooms purple mid spring. Height 2-4'. Width 3-5'. Zone 4-9.	Azalea		
#1 \$30.00	AZALEA, ORCHID LIGHTS	Flowering shrub that should be planted in part shade. Vigorous and cold hardy. Light purple blooms in spring. Height 6-8'. Width 4-6'. Zone 4-8.	Azalea		
#5 \$50.00 #15 2" \$300 1.75" \$300 2" \$337.50 2.25" \$375.00 2.5" \$412.50	BALD CYPRESS	Large tree that should be planted in full sun. Feathery green needle-like foliage turns yellow in fall before dropping. Very adaptable with a medium growth rate. Height 50-70'. Width 30'. Zone 4-11.	taxodium distichum		
#10 \$175.00 #15 2" \$300	BALD CYPRESS, SHAWNEE BRAVE	Medium size tree that has feathery, light green foliage. Upright form and medium growth rate. Dapts to many soils. Hright 50', width 20'. Zone 4-11.	Taxodium distichum		
#1 \$13.00	BAPTISIA, FALSE INDIGO	Perennial that should be planted in full to part sun. Indigo flowers in summer with blue foliage. Deer resistant, native, and attracts butterflies. Height 4'. Width 4'. Zone 3-9.	baptisia		
#2 \$16.00	BAPTISIA, LEMONN MERINGUE	Native perennial that likes full to part sun. Purple buds open to yellow flower spikes on dark black stems. Attracts hummingbirds and deer resistant. Height 3', width 3'. Zone 4-9.	Baptisia- false indigo		
#2 \$45.00	BARBERRY, CONCORDE	Slow growing shrub with dark purple foliage. Has a rounded form and needs full sun for good color. Height 18" Spread 18" Zone 4-8	berberis thunbergii		
#2 \$45.00	BARBERRY, CRIMSON PYGMY	Plant in full sun for best color. Dwarf, dense, spreading form is good for borders and hedges. Burgundy foliage turns to orange-scarlet in the fall. Height 2-2.5'. Spread 2-3'.	Berberis thunbergii		

#1 \$30.00	BARBERRY, GOLDEN NUGGET	Compact shrub with golden foliage. Prefers full sun. Height 12" Spread 18" Zone 4-8	berberis		
Call for availability	BIRCH, DAKOTA PINNACLE	This tree was selected for its narrow, columnar habit. After several years, the bark matures to a yellowish-white. Tolerant of heat, drought, and alkaline soils. Dark green foliage. Shows excellent resistance to bronze birch borer. Single stem only. H = 30-40. S = 7-8.	Betula platyphylla "Fargo"		
#7 clump \$150 #7 tree \$175 #15 10' \$300	BIRCH, HERITAGE	Interesting exfoliating bark ranges in color from creamy white to parchment. Green glossy foliage turns to golden yellow. Pyramidal to broad oval form. Tolerates wet, poorly drained soils. H = 45-50. S = 30-35. Vigorous growing tree.	Betula nigra "Cully"		
Call for availability	BIRCH, RENAISSANCE OASIS	Medium sized shade tree that should be planted in full to part sun. Exfoliating white bark. Dark green foliage that turns yellow to gold in the fall. Height 50'. Width 30'. Zone 3-7.	betula papyrifera- paper birch		
#10 6' \$225.00 #15 8' \$300.00 #15 1.5" \$262.50	BIRCH, RIVER	Native to Midwest. Dark green foliage turns to yellow fall color. Cinnamon brown exfoliating bark. A fast grower which can be placed in wet areas or upland soil. Available in clump form. Resistant to bronze birch bore. Height to 45-50 feet, spread 30-35.	Betula nigra		
#5 \$50.00 #10 \$175.00	BIRCH, ROYAL FROST	Fast growing, medium sized tree that should be planted in full to part sun. White bark with burgundy foliage that keeps a upright oval form. Zone 4-7. Height 30-40' and width 15-20'.	Betula		
#10 \$175.00	BIRCH, SHILOH SPLASH RIVER	Smaller tree with variegated foliage. Slower growing with exfoliating bark. Height 12'. Width 6-8'. Zone 4-8.	Betula nigra		
#15 clump \$300 8' \$270.00 2" \$337.50	BIRCH, WHITESPIRE	Fine textured twigs and foliage. Glossy dark green leaves turn to yellow in fall. Bark is chalk-white and does not exfoliate. Good in naturalized settings. Narrow pyramidal form. H = 30-40. S = 20. Available in Clump form.	Betula platyphylla "Whitespire"		
#1 \$13.00	BLACK EYED SUSAN, GOLDSTRUM	Perennial. Fast growing plant that takes full sun. Masses of golden daisy like flowers bloom all summer July- October. Seeds attract Goldfinches. Height 24-30". Spread 24-30".	Rudbeckia fulgida goldsturm		
#25 1.75" \$450	BLACKGUM, AFTERBURNER	Medium sized shade tree that should be planted in full to part sun. Does not tolerate wet areas. Pyramidal form. Green glossy leaves turn red in fall. Height 35'. Spread 20'. Zone 4-9.	Nyssa silvatica		
#5 \$75.00	BLACKGUM, GREEN GABLE	Native shade tree that should be planted in full to part sun. More tolerant of different soils than most Blackgum. Glossy green foliage in the summer turns bright red in fall. Pyramidal form. Height 50'. Width 35'. Zone 4-9.	Nyssa silvatica		
#2 \$16.00	BLEEDING HEART	Perennial. Plant in shade to full sun- prefers moist, well drained soils. Has pink heart shaped flowers in may through June and then dies back in mid summer. Height 24-30". Width 2-3'.	Dicentra spectabilis		
#5 \$75.00 #7 \$175.00 #10 \$225.00 1.75" \$300.00 2" \$337.50	BLUE BEECH, AMERICAN HORNBEAM	Slow growing, medium sized native tree. Foliage is dark green in summer turning red and orange in the fall. Shade tolerant. Zone 3-9. Height 20-35' and width 20-35'.	carpinus caroliniana		

Call for availability	BOXWOOD, CHICAGOLAND	Slow growing, compact evergreen. Plant in full to part sun- makes a good hedge. Height 3-4' Spread 3-4' Zone 4-9	buxus		
#2 \$45.00	BOXWOOD, GREEN MOUNTAIN	Upright pyramidal form. Takes full sun and has dark green foliage year long. Good for hedging and shearing. Height 4-5'. Spread 3'.	Buxus koreana		
#2 \$45.00	BOXWOOD, GREEN VELVET	Low mounding form. Mint green foliage year round. Make a good low hedge and tolerates shearing. Height 2-2.5'. Spread 2-3'.	Buxus		
#2 \$30.00	BUCKTHORNE, FINELINE IMPROVED	Plant in full to part sun. Narrow upright form make this a great accent plant or hedge use. Fine textures skinny green foliage that is deer resistant. Improved version retains foliage at the bottom of the shrub. Height 5-7'. Width 3-5'. Zone 2-8.	Rhamnus frangula		
#5 \$67.50	BURNING BUSH, COMPACT	Dwarf form, dense, compact. Green foliage turns to bright red in fall. Corky bark. Excellent hedge plant which does not require pruning. H = 5-7. S = 5-8.	Euonymus alatus "Compacta"		
#2 \$30.00	BUTTERFLY BUSH, BI-COLOR	Fast growing shrub that should be planted in full sun. Purple, orange, and yellow flower pannicles that grow to 10" long. Attracts pollinators of all sorts. Height 5-6'. Width 4-5'. Zone 5-9.	buddelia x		
#2 \$30.00	BUTTERFLY BUSH, GOLDEN GLOW	Plant in full sun. Golden yellow flower spikes in summer that attract butterflies and hummingbirds. Height 5-10'. Width 5-7'. Zone 5-9.	buddleia		
#2 \$30.00	BUTTERFLY BUSH, PUGSTER WHITE	Fast growing shrub that should be planted in full sun. Minature sized and compact. White blooms in the summer that attract all pollinators. Height 2'. Width 2'. Zone 4-9.	buddelia x		
#1 \$13.00	BUTTERFLY FLOWER, HELLO YELLOW	Perennial that should be planted in full sun. Bright yellow flowers in summer attract butterflies and hummingbirds. Native. Height 24". Width 24". Zone 3-8.	Asclepias tuberosa		
#1 \$13.00	BUTTERFLY FLOWER, ICE BALLET	Perennial that should be planted in full sun. White flowers in summer attract butterflies and hummingbirds. Native. Height 3-4. Width 2'. Zone 4-9.	Asclepias tuberosa		
#2 \$16.00	CARDINAL FLOWER, GREAT BLUE	Perennial. Native. Does well in paart sun. Blue flower spikes in summer that attracts butterflies and hummingbirds. Height 3'. Width 2-3'. Zone 4-9	lobelia siphilitica		
#2 \$16.00	CARDINAL FLOWER, QUEEN VICTORIA	Perennial that should be planted in full to part sun. Deep red flowers in summer. Deer and rabbit resistant, native, and attracts hummingbirds and butterflies. Height 3'. Width 2'. Zone 4-8.	lobelia		
#20 2.75" \$375.00	CATALPA, NORTHERN HEARTLAND	Native shade tree that should be planted in full to part sun. Very tolerant of different soil types. Oval upright form. Lush green heart shaped leaves turn yellow in the fall. White flowers in the spring. Height 50'. Width 25'. Zone 5-8.	catalpa		

#1 \$13.00	CATMINT, CAT'S PAJAMAS	Perennial that should be planted in full sun. Compact form with blue-purple flower spikes in the summer. Height 12". Width 18". Zone 3-8.	Nepeta faassenii		
#1 \$13.00	CATMINT, KITTEN AROUND	Perennial that should be planted in full sun. Compact form with blue flower spikes in the summer through fall. Height 12". Width 20". Zone 3-8.	Nepeta faassenii		
#1 \$13.00	CATMINT, WALKERS LOW	Perennial. Takes full to part sun and has a compact mounding form. Gray-green foliage contrasts nicely with the lavender flowers. Height 18-24". Spread 24-36".	Nepeta faassenii		
#10 \$175.00	CHERRY, PINK FLAIR	Ornamental tree that should be planted in full sun. Upright vase shaped form. Blooms pink later in spring to avoid the frost. Fall foliage is bright orange and red. Zone 3-8. Height 25' and width 15'.	prunus		
#15 \$240.00	CHERRY, PINK SHOWERS WEEPING	Ornamental tree that should be planted in full sun. Double pink flowers in the spring. Green leaves that turn yellow in the fall. Height 25'. Width 25'. Zone 4-8.	Prunus x pishnzam		
#5 \$100.00	CHESTNUT, AUTUMN SPLENDOR	Smaller tree that should be planted in full to part sun. Resistant to leaf scorch. Green compound leaves turn red in the fall. Cream colored flowers in the spring. Height 25'. Width 25'. Zone 4-8.	Aesculus x arnoldiana		
Call for availability	CHESTNUT, FT MCNAIR	Unusual compound bright green leaves. Upright form. Blooms in late spring with dark pink panicles 6-8" long followed by large light brown fruit capsules. Yellow to red fall color. Rounded dense form, 40-50' tall, 30' spread.	Aesculus X carnea "Ft McNair"		
#2 \$30.00	CHOKEBERRY, BLACK	Glossy green foliage turns to wine-red in fall. Large white flowers in May followed by black fruits. Full sun to part shade. Open form. H & S = 4-6.	Aronia melanocarpa elata		
#5 \$37.50	CHOKEBERRY, VIKING	Shrub that is fast growing and handles many different soil types. Plant in full sun. Rounded habit has white flowers in the spring followed by black fruit loved by birds. Height 3-4'. Width 4-5'. Zone 3-8.	aronia melanocarpa		
#5 \$100.00 #15 \$300.00	CHOKECHERRY, CANADA RED	Tough and hardy ornamental tree that should be planted in full to part sun. New foliage emerges green then turning red, Rounded form. White flowers in the spring followed by tiny black fruit. Height 25-30'. Width 15-20'. Zone 2-9	Prunus virginiana		
#1 \$30.00	CLETHRA, SIXTEEN CANDLES	Shrub that should be planted in full sun. Likes wet soils. Green foliage turns yellow in the fall. White flowers are fragrant and bloom July-August. Height 4-5'. Width 2-3. Zone 4-9.	clethra alnifolia		
#1 \$13.00	CONEFLOWER, ADOBE ORANGE	Perennial that should be planted in full to part sun. Vigorous grower that blooms 3" intense orange flowers with an orange cone. Height 18". Width 18". Zone 4-9.	Echinacea		
#1 \$13.00	CONEFLOWER, CANARY FEATHERS	Perennial that should be planted in full sun. 5" yellow blooms mid summer through fall. Height 18". Width 14". Zone 4-9.	Echinacea		

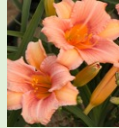

#1 \$18.00	CONEFLOWER, CARA MIA YELLOW	Perennial that should be planted in full sun. Double yellow flowers bloom late spring through fall. Height 16". Width 30". Zone 4-9.	Echinacea		
#1 \$18.00	CONEFLOWER, COLORIFIC	Perennial that should be planted in full sun. Blooms are hues of pink summer through fall. Height 18". Width 18". Zone 4-9.	Echinacea		
#1 \$13.00	CONEFLOWER, CHEYENNE SPIRIT	Perennial. Plant in full sun. Mix of red, pink, orange, yellow, and purple flowers attract butterflies. Height 24". Width 24". Zone 4-9.	Echinacea		
#1 \$13.00	CONEFLOWER, FEELING PINK	Perennial that should be planted in full sun. Drought tolerant. Light pink blooms summer through fall. Height 20". Width 18". Zone 4-9.			
#1 \$13.00	CONEFLOWER, GREEN JEWEL	Perennial that should be planted in full to part sun. Light green flowers bloom in the summer and attracts butterflies. Deer resistant. Height 2'. Width 1-3'. Zone 4-9.	echinacea		
#1 \$13.00	CONEFLOWER, GREEN TWISTER	Perennial that should be planted in full sun. 4" daisy like blooms that are green with pink centers. Drought tolerant and deer resistant. Pollinator magnets. Height 3'. Width 2'. Zone 3-9.	Echinacea purpurea		
#1 \$18.00	CONEFLOWER, KISMET RED	Perennial that should be planted in full sun. Bold red flowers summer through frost. Compact and sturdy. Height 18". Width 18". Zone 4-9.			
#1 \$18.00	CONEFLOWER, KISMET YELLOW	Perennial that should be planted in full sun with well drained soil. Yellow blooms summer through frost. Height 16". Width 16". Zone 4-9.			
#1 \$13.00	CONEFLOWER, POW WOW WHITE	Perennial that should be planted in full to part sun. Large white flowers in spring attract many pollinators. Zone 3-8. Height 2-3' and width 1.5'.	Echinacea purpurea		
#1 \$13.00	CONEFLOWER, POW WOW WILDBERRY	Perennial. Plant in full to part sun. Large pink-purple flowers in summer. Attracts butterflies. Height 2-3'. Width 1-2'. Zone 3-8.	echinacea		
#1 \$13.00	CONEFLOWER, PURPLE EMPEROR	Perennial that should be planted in full to part sun. Large fragrant magenta purple flowers on sturdy stems. Pollinator magnets. Height 18". Width 12". Zone 4-8.	Echinacea		
#1 \$13.00	CONEFLOWER, PURPLE MAGNUS	Perennial that should be planted in full sun with well drained soil. Native and heat tolerant. 2-3" purple flowers bloom summer through frost. Height 24-30". Width 18-24". Zone 3-8.	Echinacea		
#1 \$13.00	CONEFLOWER, RUBY STAR	Perennial that should be planted in full sun. Native. Ruby-pink flowers bloom all summer. Height 2-3'. Width 2-3'. Zone 3-8.	Echinacea		

#1 \$18.00	CONEFLOWER, SOMBRERO ORANGE	Perennial that should be planted in full sun. 3" orange blooms appear late spring through fall. Height 1-2'. Width 1-2'. Zone 3-9.	Echinacea		
#1 \$13.00	CONEFLOWER, SOMBRERO SALSA RED	Perennial that should be planted in full sun. Bright red flowers attract butterflies and pollinators. Height 2'. Width 2'. Zone 4-9.	Echinacea		
#1 \$18.00	CONEFLOWER, SOMBRERO SANGRITA	Perennial that should be planted in full sun. Purpl-red flowers bloom late spring through frost. Height 22". Width 22". Zone 3-9.	Echinacea		
#1 \$13.00	CONEFLOWER, SWAN SONG	Perennial that should be planted in full to part sun. White blooms late spring through frost. Height 16". Width 18". Zone 3-9.	Echinacea		
#2 \$16.00	CORALBELL, BERRY TIMELESS	Perennial that can be planted sun or shade. Mint green foliage laced with silver and has light pink flowers that attract pollinators. Deer resistant. Height 10". Width 18". Zone 4-8.	heuchera		
#2 \$16.00	CORALBELL, BLACK PEARL	Perennial that can be planted in sun or shade. Black foliage with rose undertones and a white flower stalk. Height 8-10". Width 18". Zone 4-9.	Heuchera		
#2 \$16.00	CORALBELL, CAMEL	Perennial- part shade, heat tolerant. Bright golden to caramel color, light pink wispy flower stems in late spring. Height 15" Spread 20" Zone 4-8	heuchera		
#2 \$16.00	CORALBELL, LAVA LAMP	Perennial that can be planted in sun or shade. Large mass of foliage that has various purple shades. White flower stalks. Height 16". Width 28". Zone 4-9.	Heuchera		
#1 \$13.00	CORALBELL, MARVELOUS MARBLE	Perennial. Plant in part to full shade. Green, silver, and purple foliage with airy white flowers. Height 12". Width 16". Zone 4-9.	Heuchera		
#2 \$16.00	CORALBELL, OBSIDIAN	Perennial that should be planted in part shade. Shiny black leaves. Height 10". Width 16". Zone 4-9.	Heuchera		
#2 \$16.00	CORALBELL, PEACH FLAMBE	Perennial that should be planted in part shade. Peach colored foliage with sprays of tiny white flowers in spring. Height 6". Width 14". Zone 4-9.	Heuchera		
#1 \$13.00	CORALBELL, PURPLE PALACE	Perennial. Large red-purple leaves create a mounding form. Sprays of white flowers appear on tall stems. Height 18". Spread 18".	Heuchera		
#1 \$13.00	CORALBELL, RUBY BELLS	Perennial that should be planted in full to part shade. Green foliage with bright red flowers in the spring. Pollinator magnet. Zone 3-8. Height 12-18" and width 15".	Heuchera		

#2 \$16.00	CORALBELL, TIMELESS GLOW	Perennial that should be planted in part shade. Chartreuse yellow foliage with pink flower stalks. Height 8-10". Width 14-16". Zone 4-9.	Heuchera	
#2 \$16.00	CORALBELL, TWIST OF LIME	Perennial that should be planted in shade. Wavy yellow foliage. Attracts butterflies. Height 10". Width 12". Zone 4-9.	heuchera	
#1 \$13.00	COREOPSIS, BERRY CHIFFON	Perennial that should be planted in full sun. Threadleaf foliage has white and raspberry colored flowers all summer. Mildew resistant. Height 15-18". Width 18-24". Zone 4-9.	Heuchera	
#1 \$13.00	COREOPSIS, JETHRO TULL	Perennial that should be planted in full sun. Fast growing with yellow flowers that bloom all summer. Height 12-18". Width 18-24". Zone 5-9.	Coreopsis	
#1 \$13.00	COREOPSIS, MOONBEAM	Perennial. Drought tolerant plant that likes full sun. Airy green foliage with creamy yellow flowers. Height 12-18". Spread 12-18".	Coreopsis verticillata	
#1 \$13.00	COREOPSIS, ZAGREB	Perennial. Plant in full sun. Prolific golden yellow blooms all summer long. Height 12". Width 18". Zone 4-9.	coreopsis verticillata	
#10 \$300.00	CRAB, CINDERELLA	Small patio tree that should be planted in full sun. Oval upright form. White flowers in spring followed by tiny golden fruit. Height 8'. Width 5'. Zone 4.	Malus	
#15 \$300.00	CRAB, CORALBURST	Dwarf tree that should be planted in full to part sun. Rounded form with good disease resistance. Flowers are a double rose pink followed by sparse reddish-orange fruits. Height 8-10'. Width 8-10'. Zone 4-9.	Malus	
#10 \$175.00 1.5" \$262.50 1.75" \$300.00 2" \$337.50	CRAB, GOLDEN RAINDROPS	Late-season bloomer with pink buds opening to star-like white flowers, followed by tiny golden fruit. Burgundy fall color. Unique deep cut, glossy green, fine textured leaves. Vase shaped habit. Resistant to Japanese beetles. Height to 20 feet, spread to 15 feet.	Malus transitoria "Schmidtcutleaf"
